HOW MANY BOOKINGS WERE MADE FOR THE CENTRE

813

Feedback

“Exciting to have a panel who could cover the field of knowledge and insight. Really stimulating and exciting.”

Participant from *Community Renewable Project* series of workshops

WORK OUTSIDE THE BUILDING

From September 20 to October 9, our Centre facilitated 4 workshops in local venues, teaching people some skills, connecting local residents to businesses and around some seriously good food.

Sessions included working with the Turkish Kitchen to learn about different Middle Eastern breads, a workshop with Modus for a very hands-on experience with chef Wade, learning how to pickle zucchinis to make a killer Reuben, working with Gino at the Vic Park Larder on the delicate process of making gnocchi and working with Maureen and her team at Bespoke making curries.

Sow the Seed featuring spoken word and storytelling from local artists. This event was held at Greenbunch on Albany Highway.

A collaboration with Dutch Trading Co and Blue Grey Pink, to establish the Albany Highway Songwriters Club to host a series of music events at a local venue, specifically designed for local and upcoming musicians
